

# 2022 MINI-CAMPS

## ABOUT MINI-CAMPS

Mini-camps allow your child to connect with peers, develop social skills, and get physical activity every day—all things that kids need more of right now.

Mini-camps are held during school breaks and holidays at both our Upper East Side and Battery Park City campuses. The schedule is modeled after our popular Summer Day Camp curriculum, and may include activities such as swimming, martial arts, soccer, basketball, yoga, art, music, and more.

Mini-camps are for children ages 4 to 12, and take place from 8:45am to 3:15pm.

## SAFETY PROTOCOLS

The health of our campers is our first priority. All of our safety measures have been approved by the New York State Department of Health and include the following:

- Contactless camper check-in/check-out process via the ProCare app
- Face coverings required for staff and campers at all times (except when swimming and eating)
- Accessible hand sanitizer stations located throughout each facility
- Small group sizes and social distancing measures in place
- Campers only interact with children and staff assigned to their group
- Emphasis on outdoor activities – even during winter months (appropriate clothing is required)
- More frequent cleaning with medical-grade disinfectant
- Upgraded air filtration system at both locations that improves circulation
- Per New York City mandate, all staff and campers ages 5+ must be fully vaccinated against COVID-19

For more information about Asphalt Green's COVID-19 policies, please visit [asphaltgreen.org/covid19](https://asphaltgreen.org/covid19).
